WELCOME TO GOOMBAY KICKBALL

Goombay Kickball is a league that brings peers together in an atmosphere where youth and vitality can be channeled. It's not the same kickball you played in elementary school, it's more strategic and fast-paced with more intricate rules all in the name of fun. Goombay prides itself in creating a league based on good sportsmanship and integrity. If teams or individuals cannot abide by the rules, they should not participate.

General rules for softball apply. If there are any rules we may have missed here, we will default to American Softball Association rules. All calls will be made by the umpire and will stand. Goombay encourages its players to have fun first, and win second; all while networking and socializing, and building lifelong friendships. Happy playing... may the best teams win!

Goombay Kickball Code of Conduct

Goombay is committed to providing safe and enjoyable events for its participants. All players and coaches are held to a certain standard of behavior as follows:

1. Play fairly, and follow all rules and regulations.
2. Show respect for the game and league officials. Communicate with them in an appropriate manner.
3. Demonstrate good sportsmanship before, during and after games.
4. Be courteous to all teams. Treat players and coaches with respect.
5. Refrain from use of foul language and verbal abuse.
6. Operate within the rules and spirit of the game.
7. Absolutely no fighting amongst teams or players. Zero tolerance!!

Infractions to any of these rules listed in the Code of Conduct may result in player or team suspension or expulsion from the league. Based on the severity of the actions, the player can be suspended for any number of games. It will be determined by a panel of Goombay staff members.

Various Division Types

Goombay Kickball leagues, depending on locality/area, can choose from one or two of our offered divisions and depending on the structure of the given league the chosen division(s) will be announced by the league directors: a). Varsity (Advance), b). JV (Intermediate), c). Rookie, d). Family, e). Open.

Specific rules that apply to the respective division are below. The common rules can be found under The Game section.

COED LEAGUES

Rookie Division (Novice level): Best for a new player or team, or a veteran player who is captain or coach of the new team.

a). The pitcher can only pitch underhand, from back to front, with no side arm pitches. The pitcher cannot twist the wrist at the point of release. No intentional curves, however fast balls are allowed.

b). All players suited up are encouraged to play to continue fundamentals

c). If a player gets injured, there will be no outs and the next 'same gender' player will move up into that spot (the injured player cannot return to the kicking order).

d). If a team wins the division championship game two seasons in a row they must move up to the next division.

Intermediate Division - Best for a team, or player that is looking to not play in an intense competitive environment.

a). The pitcher can only pitch underhand (no side arm). Fast balls, bounces and curve balls are allowed. The pitcher is allowed to turn wrist at the point of release.

Advanced/Varsity Division (Advanced level) – Best for teams or players that may have played multiple seasons, or are looking for more intense competition.

a). – There are no rules on pitching styles.

Family Division (All levels) – This is a division that allows teens ages 13-17 to play on any adult team during the season. Depending on the League Director, the criteria for the amount of teen players shall be the following:

- a). Teams may or may not carry any teen players
- b). A Team may consist of all teens

WOMEN LEAGUES

1.1 -Goombay Women's kickball has two divisions and depending on the structure of the given league the chosen division will be announced.

A. (Rookie/Intermediate Division)

- A new player or team, or a veteran player or team that is looking to relax in a more non-competitive environment and is looking for a less intense style of play.
- The pitcher can only pitch underhand (no side arm). Fast balls, bounces and curve balls are allowed. The pitcher is allowed to turn wrist at the point of release.
- 10 Players are allowed on defense
- All pitched balls must bounce twice prior to crossing the plate. The second bounce cannot be on home plate.

A female kicker who receives (3balls/ a walk), intentional or not will be awarded one base unless there are two outs. If there are two outs then the female kicker shall receive two bases.

B. (Advance level)

- A veteran player or team that has played multiple seasons and are looking for a more intense style of play.
- Unlimited pitching styles.
- 10 Players are allowed on defense
- All pitched balls must bounce twice prior to crossing the plate. The second bounce cannot be on home plate.

A female kicker who receives (3balls/ a walk), intentional or not will be awarded one base unless there are two outs. If there are two outs then the female kicker shall receive two bases.

Subs

Teams can either use pre written Substitute (sub) players or six (6) float subs. The float subs do not have to be pre written in a spot on the kicking lineup prior to the exchange. Each team is allowed a pre-written sub for each spot (same gender) or 6 float subs; in coed (3 males and 3 females), in Women's (6 females). They must provide the other team with the names of the float subs and can use the subs when they choose in the kicking line up. Once used, the float subs are then 'married' to the kicker and cannot change position in the lineup. Subs must be used with the same gender and once used cannot be used in any other spots. **Teams cannot use both float subs and pre written subs at the same time.**

All rules in this book apply to coed, women's and youth unless designated by gender.

1. SPORTSMANSHIP

1.1 –All players, visitors, officials and spectators of the league are expected to conduct themselves in a sportsmanlike manner as deemed by the umpire and the Goombay field monitors for game conduct. Any conduct deemed unsportsmanlike will not be tolerated. Such conduct includes, but is not limited to: fighting, taunting, verbal abuse, lewd or obscene behavior, threatening behavior, offensive language or comments, excessive delay, stalling tactics and/or conspiracy.

1.2 – Violators of the Goombay Code of Conduct will face penalties, which include, but are not limited to the following:

Action 1: Player is ejected from the remainder of the game. The player must immediately evacuate the field or dugout area , or else his/her team will be required to forfeit the game.

See Rule 1.5 see the penalty

1.3 – Captains, coaches and players are responsible for the behavior of their spectator's family and visitors. If anyone associated with a particular team is deemed to be unsportsmanlike, or displaying inappropriate language and behavior, the team will be held responsible for addressing this behavior. Failure to address the issue could lead to the team being penalized with a technical out for that inning. In severe cases, as determined by league officials, the associated team may be required to forfeit.

1.4 – Ejections may occur without warning for serious rules violations and/or unsportsmanlike behavior. Only Goombay league officials and umpires reserve the right to eject a player or coach from a game. Upon ejection, the offender must leave the **game area** (dugout and areas behind fences) immediately. The game will not proceed until they vacate the premises. If the ejected player has not left the game area after five (5) minutes of ejection the team of the ejected player will forfeit the game. This ensures the safety of the referee, league officials and players. If poor sportsmanship continues, the officials reserve the right to declare the game a forfeit, disqualify the offending team and award the opposing team a victory

1.5 – The ejected player or coach must sit out the following game, even if the next game is the same day. The player may not be in the field or dugout area.

2. THE PLAYING FIELD

- 2.1 – The kickball diamond is a square with equal sides of 55 to 60 feet.
- 2.2 – The distance from home plate to second base, and from first base to third base, is 84 feet, 10 1/4 inches. The distance between the bases and home plate is to be measured from the back of each base/plate.
- 2.3 – The pitching strip is in the center of the diamond, 42 feet 5 1/8 inches (about 14 paces) from home plate, and directly in the middle of the 1st base to 3rd base diagonal.
- 2.4 – There is a designated pitcher's box that extends 12 feet from the center of the pitching strip. This area is marked with chalk and/or cones.
- 2.5 – The strike zone for kickers extends one (1) foot on both sides of home plate, and one (1) foot high. This area will be marked on the ground in chalk, or two (2) turf mats (12"x24") on each side of home plate.

2.6 – Dual First Base plates:

- a) The extra base is available for kickers traveling from home plate to first base.
- b) Fielders trying to make an out on first base must touch the inside base in fair territory. If the fielder touches the outside base to make a play, the runner will be considered safe.
- c) The outside base is for the runner. All runners going to first base **MUST** touch the outside base or **it will be called an out**. If the runner is running to second base on the same play, he or she is permitted to run to the inside base and turn toward second base. Once this occurs, the runner may still be tagged out.
- d) Once a runner has reached first base safely, he or she must start the next play on the inside base. Any runner standing on or touching the extra base at the beginning of the next play will be out.
- e) Runners may overrun first base and still be considered safe. However, the runner must remain on the outside of the first base line. If they turn inwards, he or she is considered 'live' and playable. Meaning just turning does not make you 'live,' coming into the field of play, does.
- f) No additional base may be used at any other base.

3. THE GAME

- 3.1 – Regulation league games last seven (7) full innings, or fifty (50) minutes, whichever comes first. If an inning begins prior to the 50 minute time limit, the game will continue until the end of the inning. Unless a mercy rule is being enforced, refer to 3.12
- 3.2 – A game that is called and ended by the umpire after four (4) full innings of play shall be considered a regulation game (with the exception of a mercy rule). The score shall be recorded. Games called off, that end in a tie shall be marked as a tie.

SUDDEN DEATH: Regular season games:

- 3.3 – If after the regulation period, the game is tied; one inning of sudden death will be played using rule 3.4 a. If after the extra inning of sudden death the game is still a tie, the game will be recorded as a tie, and each team will receive one (1) game point each.

SUDDEN DEATH: Playoff games:

3.4 – If after the game period, the game is tied; one inning of sudden death will be played. If after the extra inning the game is still a tie, another inning of sudden death will be played using rule 3.4 (a) and (b) below.

Sudden Death Rules

- a) The last kicker, who is the opposite gender of the next kicker, from the regular inning goes to 2nd base. Eg, if a male is the kicker, the last female kicker goes, and if a female is kicking the last male kicker goes to 2nd base. The next player (and those thereafter) up will approach the plate with a full count. The pitcher will pitch the ball once per kicker, the results will follow normal rules (e.g. If the ball is kicked foul, the player is out). This continues until the team receives three outs. Then, teams switch sides, same rules apply.
- b) If at the end of the sudden death, the game is still tied, an additional inning will be played. This time, each team will only be allowed to use eight (8) players on defense (must be 4 male, 4 female). Teams must use the same kicking lineup. This style of play will be used until there is a winner.

3.5 – If a game is postponed for any reason whatsoever, it will be resumed at the point from which it was stopped and played at a later date, scheduled by the league. If the game has been played for at least 4 innings, then the game score will be recorded as is, at the time of the game cancellation.

3.6 – Any team not ready to take the field at the scheduled time will receive a **five-minute grace period**. If the team does not field with the minimum amount of players, then the match will be forfeited and the opposing team gets the victory.

3.7 – In the event of a forfeit, the winning team will be awarded 12 score points for the victory. The forfeiting team gets zero.

3.8 Team scoring/ points and standings:

Official team rankings are determined by : 1) Game points for wins; 2) Head to Head; 3) Score Against. (If there is still a tie, then tie breaker will be score differential between teams who are still tied.) *If there are no head to head, games between teams, Games won points and runs scored against will be used

- a) Games won will receive three (3) points; Tied games will receive one (1) point. These points will be called game points, not to be confused with score points.

3.9 – Teams playing a non-registered person, an improperly registered person, or a person not registered on that team, division, and season, will forfeit that game (unless they are registered as a bully). If such an infraction is claimed during the game, the team accused of the infraction bears the burden of proof.

3.10 – Mercy Rule

- a) If any team is leading by 12 points in the 4th inning, the game will be called by the umpire, and it will be recorded as a completed regulation game.

3.11 – Any eligible player that shows up to a game after the game has begun, and the kicking lineup has been turned in, cannot be added to the kicking lineup. If the player was already written in as a sub prior to the exchange they are allowed to kick. However if their name is not in the sub line up and there is no main kicker then they will not be allowed to kick at any point of the game.

3.12 – There are no game protests! Once a game has begun, it is assumed that both captains and officials have agreed to the conditions of the game. * Per rule 7.11, if three (3) Bullies are playing at the same time during a game, two (2) Bullies may either play in the outfield or infield, while the other remaining Bully will play opposite field area. If two (2) Bullies play in the infield, one Bully must play on the right of the pitcher and the other must play on the left of the pitcher. No two (2) Bullies can play in the "Triangle" (Pitcher, Charger/3rd Base or Back catcher) at the same time during a game.

8. PITCHING/CATCHING

Pitching

8.1 – All pitched balls must bounce twice prior to reaching the strike zone. If the second (2nd) bounce occurs at the plate it will be considered a “ball”.

8.2 – When pitched, if the ball is bouncing higher than 1 foot off the ground (as measured from the bottom of the ball) when it reaches the plate then it shall be called a ball. The kicker does have the option of kicking the ball, and must accept the outcome of the play.

8.3 – If the pitch crosses the strike zone from the front, it is a strike; it must pass through the front of the “strike zone” at or before the plate. No back door strikes allowed.

8.4 - if a side arm pitch is used and it is called illegal by the ump, a two (2) ball count will be given to the kicker and the ball becomes dead. I.e. The penalty is 2 balls on the count

8.5 – The pitcher must stay behind the 1st and 3rd Base Line until the ball is kicked. If the pitcher crosses the line, an encroachment will be called by the umpire

8.6 – If a pitcher or fielder makes an out by illegally advancing beyond the 1st-3rd base play line, the runner will receive an encroachment call. (See encroachment Rule)

8.7 – Intentional walks can be called by the pitcher verbally to the umpire. It is not required to throw balls. The umpire then gives the kicker permission to take his/her base.

8.8 – Once the pitcher or any player has the ball in control and in the pitcher box, the play ends.

Back catcher

8.9– The back catcher must stay behind the line. The catcher is permitted to move anywhere behind the line, but may not cross prior to the kick. If the back catcher passes the line before the ball is kicked, it will be considered a ball or a “free” play for the kicking team. The kicker cannot force the back catcher to encroach

8.10 – If the back catcher stands further back than the maximum (designated line) stated above, the back catcher can have a running start, but cannot pass the line point prior to the ball being kicked. If this occurs the umpire will call “encroachment and the kicker will either get a ball or “free play”.

8.11 – The catcher cannot interfere with the kicker, including running in front of the kicker and obstruct the kicker’s path to 1st base. The runner has the right a way. If the catcher interferes with the kicker and is called by the umpire, the runner will be awarded 1st base.

a). If the catcher is in the way of the kicker trying to kick the ball, the catcher must move to the other side of the back catcher line

8.12 – The fielding team cannot change the sex of the back catcher during an inning, for example, male for female or female for male.

8.13- If there is no designated chalk line, the inside back stop pole or cones becomes the marker that the back catcher must stand behind.

9. KICKING

Kicking Lineup

9.1 – Team Captains must write two copies of their kicking lineup and exchange a line up sheet with the opposing team. The exchange must occur prior to the start of each game. The kicking lineup is valid for the current game only and may be changed between games (not innings).

a) Teams must use the official Goombay kicking lineup or a comparable line up sheet only for consistency. This can be downloaded online and will be provided to captains at the beginning of the season.

9.2 – Once a line-up has been exchanged there can be no changes. All players and subs must be written in prior to the exchange.

- a. Teams may write names and/or numbers (if available) on the kick lineup.

Subs

9.3 – Teams can either use pre written Substitute (sub) players or six (6) float subs. The float subs do not have to be pre written in a spot on the kicking lineup prior to the exchange. Each team is allowed a pre-written sub for each spot (same gender) or 6 float subs; in coed (3 males and 3 females), in Women's (6 females). They must provide the other team with the names of the float subs and can use the subs when they choose in the kicking line up. Once used, the float subs are then 'married' to the kicker and cannot change position in the lineup. Subs must be used with the same gender and once used cannot be used in any other spots. **Teams cannot use both float subs and pre written subs at the same time.**

9.4 – A team may place a minimum of eight (8) players in the kicking order; however, whenever a team is playing with less than ten (10) players including the women's league, an out will be taken when the remaining missing position in the kicking order comes up. Example, if you have eight (8) players, you will take an out in position 9 and 10. Remember, even after the players running late arrive, if you have past those positions in the lineup you will continue to take outs for the duration of the game, unless they arrive before you pass the positions in the lineup.

- a) All outs must be written and taken at the bottom of the kicking order, after all players present have been used in the kicking lineup.
- b) The gender make-up of the 8 players can be (3 males, 5 Women or vice versa. No team can play with less than 3 of any gender). * Remember, you will still take an out in missing players spot. Eg (M, M, F, F, F, M, F, F, out, out).

9.5 – A team that starts with ten players must have a minimum of five (5) males and five (5) females in the kicking lineup in order not to take an out. Even if you have ten (10) of one gender and three (3) of another, you will still have two (2) outs because you have not met the minimum.

9.6 – A team that starts with less than five females or five males in the kicking lineup will continue to take an out in the missing females or males spot for the remainder of the game assuming the lineup has been turned in.

9.7 – If a team violates the kicking order rule by writing more than two (2) males down, they will continue to take an out in the incorrect spot for the remainder of the game assuming the line- up has been turned in. Teams must call this rule at the time no back penalties allowed

9.8 – All kicks must be made by foot, ankle or shin. If a ball is kicked by the knee or above it is considered a foul and therefore a strike.

9.9 – All kicks must occur at or behind home plate. The kicker may step on home plate to kick, however no part of the planted foot may be in front of or cross the front edge of the home plate. The penalty is an out

9.10-Bunting is allowed. - Males must kick the ball past the 1st and 3rd baseline. If a male bunts, the ball must reach the play like mentioned above prior to stopping its roll or be played by a fielder at any point prior to the reaching of the line to be considered fair. Females can bunt with no restrictions.

9.11 - A claim of improper kicking order must be made to the Umpire who will make the final determination. Such a claim must contain two parts:

- a). that the written kicking order copy was provided and properly exchanged
- b). that the claim is made on the field once the improper kicker has kicked or after that kickers' first pitch has crossed the plate
- c). It is not an infraction if the improper kicker hasn't kicked or the mistake was discovered right before the pitch has crossed the plate or kick occurred.

d). Once the pitch has crossed the plate or kick has occurred, the team with the infraction will take an out at that position and the next 'legal' kicker will step forward.

E). Any and all plays made by the illegal kicker will be void and the base runners, if any, must return to the base they were on prior to the kick.

9.12 – A double kick is considered a foul and therefore a strike, not an out!

9.13 -Goombay will consider the listed below;

- a) 3 balls will be considered a walk
- b) 3 strikes will be considered an out
- c) 3 fouls all fouls count as a strike, which is an out

9.14 – A male kicker who receives (3balls/ a walk), intentional or not will be awarded one base unless there are two outs. If there are two outs then the male kicker shall receive two bases. In this scenario if the next kicker is a female, she will then go to 1st base or have the option to kick if she chooses; however, if the next kicker is a male, he must kick.

9.15 -If the next kicker who is a male is also "walked" he will also receive 2 bases and depending on the field set-up could result in a player coming home.

9.16 -When kicking, the leg does not have to be in a forward motion to be considered a kick. If a pitched ball bounces off the foot or leg of a runner into fair territory then the runner is in play and considered "live" and will accept the result of the play.

9.17 – *To be used if the field has an in-field fence

a). If the ball is kicked over the fence or bounces off the defender it will be considered a home run,

b). If the ball is kicked in the infield and bounces over the field that will be considered a dead ball out of play, and the umpire will award bases like a ground rule double (as long as the ball was not touched)

9.18 – Players must remain behind home plate when kicking. If any part of the plant foot steps over the plate, it will result in an automatic out.

9.19 – If the pitcher pitches a ball, and the kicker decides to not kick it, the kicker must move out of the way of the ball. If they do not and the ball hits him or her, they will be considered "live" and accept the result of the play.

9.20 - **A kicker touching or picking up the ball while at home plate ready to kick prior to the ump calling time or dead ball will be considered out.**

a). If the ball hits any objects (Ump, Back fence) prior to the kicker touching it, the ump will consider it a dead ball and it will not be an out.

10. RUNNERS

10.1 – Runners must stay within the base line, except when avoiding collisions which will be the umpires discretion.

(a) Runners must touch each base accordingly per play or the runner will be called out by the umpire.

10.2 –**There are no ties!!** A runner must beat the throw going to the base in order to be called safe. A simultaneous play at the base will be called out, because the runner did not beat the throw. This call is solely an umpire call.

10. 3 – Runners may overrun first base only!!! The runner may be tagged and called out if they are off any base at any time. (Sliding or diving back to any base after attempting to run is legal).

10.4 – Neither leading off base, nor stealing a base is allowed. A runner may advance once the ball is kicked. A runner off of his/her base when the ball is kicked is automatically out

a). If a runner steps off base early prior to a kicker kicking the ball, the runner will be considered out, but the kicker up to kick will be “burnt” and will not be able to kick next when the team is up to kick.

10.5 – It is the responsibility of the runner to avoid a collision.

10.6 – If the runner intentionally hits (swaps) or kicks the ball after being tagged out, the ball is dead and all runners must return to the bases they started at prior to running

10.7 –Runners can slide to any base but first (1st). Sliding to first is an out. Runners can however slide back to first (1st) base if they have over run it or if they are trying to go back after going to second (2nd) base.

10.8 – A runner is out if:

- a) They are tagged with the ball before reaching base.
- b) The ball gets to the base before the runner.
- c) They run more than 3 feet out of the base path to avoid being tagged.
- d) The ball touches the runner at any time even if it was kicked into the runner by any player including their own.
- e) The runner tags the inside base at 1st while not advancing to 2nd base.
- f) The runner is tagged after getting to first base and turning into the “field of play”.
- g) The runner slides to first base from home plate.
- h) If a runner steps off base early prior to a kicker kicking, the runner is out but the kicker up to kick will be “burnt” and will not be able to kick next.

10.9 -With an overthrow (a ball thrown, or deflected into foul territory while making a defensive play toward a player or base) a runner can commence base running as far as they can unless the ball is considered “out of play”. If considered out of play, all base runners are awarded the next base they were running to plus one base. The advancing to the next base is at the discretion of the umpire.

10.10 -Running past another runner is not allowed. The passing runner is out.

10.11 -A run scores when a runner touches home plate before the third out is made. No run can score when the third out is the result of a force play, or when the kicker is put out before touching first base.

Tag-ups

10.12 - If a fielder suspects a runner left early, a fielder can, with the ball in hand, must inform the umpire immediately and appeal that the runner did not retouch his base by touching the runner or the runner's base thus tagging the runner out. If the umpire agrees that the runner left early, the umpire will call the runner out, regardless of whatever play the runner had done.

If the ball is caught in foul territory runners cannot advance.

a). All runs which score before the infraction (vs appeal) will count (except those scored by runners that are called out).

b). Remember the play is still live and runners can advance if the fielder is wrong.

***To tag up is to get an extra base on a fly ball without leaving the base UNTIL the fielder has caught the ball. If you leave the base before the ball is caught, then the fielder can throw the ball to the base you just left.

11. FIELDERS

11.1 - Fielders trying to make an out on base may have their foot on base, but must lean out of the baseline. Runners hindered by any fielder within the base line, not making an active play for the ball, shall be safe at the base to which they were running. When a defensive player has the ball and the runner remains upright and crashes into the defensive player, it is considered a "crash".

11.2 – Hitting a runner's face, neck or head with the ball is not allowed, except when the runner is sliding, ducking or diving (referees judgment). Any runner hit in the face, neck or head is safe and advances to the base they were running toward when the ball hit the runner.

11.3 – The field make up can be any of the following combinations;

- a) Five (5) females + five (5) males
- b) Four (4) females + four (4) males
- c) Five (5) females + three (3) males
- d) Three (3) females + five (5) males
- e) Four (4) females + five (5) males
- f) Four (4) males + five (5) females

Foul and Fair Balls

11.4 – A count of three (3) fouls is an out.

11.5 – A foul ball is considered any of the following:

- a) A kicked ball that lands in foul territory
- b) A kicked ball landing in bounds, but traveling out of bounds on its own at any time before reaching first or third base (any ball touched by a fielder in fair territory is automatically in play).
- c) A kicked ball double kicked in foul territory.
- d) A kicked ball whose direction is altered by contact with any object other than the ground in foul territory, and called as such, is a dead ball.
- e) A kick made on or above the knee.
- f) A kicked ball stopped by the kicker in the kicking box.

11.6 – A fair ball is considered any of the following:

- a) A ball kicked that lands and remains in fair territory.
- b) A ball kicked that land in fair territory then travels into foul territory beyond the 1st-3rd crossing the base.
- c) A ball kicked that lands in foul territory but then travels into fair territory prior to being touched by the fielder is fair. For male kickers, where the ball rests is what is called, as long as it meets the "male bunt line requirement".
- d) Fair ball territory is where the ball is, not the player.

11.7 – Teams cannot change the gender of the back catcher during an inning.

Outs

11.8 – An out is considered:

- a) A count of three (3) strikes or three (3) fouls.
- b) Any kicked ball (fair or foul) that is caught.
- c) A ball tag on a base to which a runner is forced to run, before the runner arrives at the base.

- d) A runner touched by the ball or who touches the ball at ANY time while not on base while the ball is in play.
- e) A ball tag of a runner on base, in which the runner does not tag up their originating base when a ball is caught.
- f) A runner who starts off of his/her base before the ball is kicked.
- g) A runner physically assisted by a base coach during play.
- h) a runner touching another runner
- i) Any kicker that does not kick in the proper kicking lineup (once the ball is pitched).
- j) A kick taken in front of the home plate, as noted by the kickers plant foot.
- k) A kicker touching or picking up the ball while at home plate ready to kick before the play is called dead.
- l) A runner who is on the same base with another runner and is tagged with the ball. In this scenario the lead runner will be out, unless it is not a force then the 2nd runner will be out.

*** The fielder must hit the runner with the ball; or maintain control of the ball while tagging the base with at least one foot on the base on a forced run. Hitting the base with the **ball does count as an out as long as the fielder maintains control of the ball.**

12. ENCROACHMENT AND FIRST TOUCH RULE

12.1 - Encroachment occurs when:

- a) When any fielder (including the pitcher) crosses the encroachment line (bunt line) between 1st base and 3rd base line before the ball is kicked.
- b) When the back catcher crosses the designated line behind home plate, before ball is kicked

First Touch

12.2 - Once the ball is kicked and remains in the air (without touching the ground) the runner may leave at their own risk, of a tag up rule enforcement and being called out, however, if the ball is 'first touched' by a fielder but not cleanly caught (i.e. it is bobbled or caught by another fielder). The runner must tag up and then can advance to the next base. The first touch rule does not negate the tag up rule. You must always tag up!

Free Play

12.4 – Free play: If the umpire calls “encroachment” the kicker may choose to kick the ball and continue to play as normal and will take the best outcome of the play. (i.e. the kicker can still kick the ball and if the ball is caught, it will be called a ball, and the kicker can re-kick, or if the kicker kicks the ball and gets on base, the captain can choose to either take the ball call the result of the play). *(similar to the free quarter back play in football).

13. INJURY AND SUBSTITUTIONS

13.1 – In cases of injury or illness, a time-out may be requested for participant removal and replacement with a substitute of the same sex. If the participant later returns to play, the participant must be inserted in the written scorebook kicking order position previously held.

13.2 – If a player is injured, or becomes ill and cannot continue, the written scorebook kicking order will continue in the same formation, less the removed player (which would be an out) unless a substitute has been written in that spot on the kicking line up sheet who can then be used in that spot for the injured player.

13.3 – Any player removed from the game for injury or illness must be noted on both teams written scorebook kicking orders and mentioned to the umpire.

13.4 – Only runners who are injured while traveling to a base, and who successfully make it to a base, may be substituted, one time only, if the injured runner plans to return to the game. All runner substitutions must be the last out of the same sex, if there is no sub pre written. Float subs cannot be used for this substitution

13.5 – If a player is removed for injury during a sudden death game and they cannot go to 2nd base and a sub is used, the player will not be allowed to play in the remaining playoffs and they cannot return to any other game that day. This only applies in Sudden Death Playoff.

14. INCLEMENT WEATHER/FIELD CONDITIONS

14.1 – Games will be decided by the park and league officials two (2) hours prior to the first game of the day.

14.2 – Goombay will play in light rain, as long as the fields are playable.

14.3 – In the event the dirt fields are unplayable, games may be moved to another field.

14.4 – If a game has begun, the game will only end during thunder and lightning or a constant downpour.

14.5 – In the event the game has been stopped due to rain, the umpire will issue a ten (10) minute delay. If the rain continues, the game will be officially stopped and will resume at a later time unless four (4) innings have been satisfied. The team with the most points will be declared the winner.

14.6 – All make up games will resume at the point of the last inning using the same kicking lineup starting with the last out.

a) Any player that is not present for the makeup game, can be replaced by another player of the same gender who was not on the original line up sheet, and must be placed in the same order.

14.7 – Announcements will go out to the captains and will be posted on every players (www.goombaykickball.com) profile, Goombay Facebook page, and other media.

15. Goombay GHOST PLAYER Rule

The Goombay Ghost Player Rule is primarily used for new leagues or leagues that have a shortage of players. The purpose is to help fill rosters during games in order for teams not to forfeit. This rule is not mandatory! It will only be enacted if the League Director feels that the success of the league depends on it. This rule will also be determined at the beginning of the league by the League Director and announced to the Captains prior to the first game.

15.1-Terms may pick up 2-3 registered players if they only have 7-8 players or if a team fails to have the adequate number of gendered players. The gender of those players must reflect the shortage of the players needed.

Example of team situations:

- 1 males & 5 or more women | team may pick up 3 males (the 5th male position will still take an out per rule 9.4)
- 1 woman & 5 or more men | team may pick up 3 females (the 5th female position will still take an out per rule 9.4)
- 2 males & 5 or more women | team may pick up 3 males
- 2 women & 5 or more men | team may pick up 3 females
- 3 men & 5 or more women | team may pick up 2 men
- 3 women & 5 or more men | team may pick up 2 women
- 4 men & 4 women only | team may pick up 1 male and 1 female
- 4 men & 5 or more women | team may pick up 1 man
- 4 women & 5 or more men | team may pick up 1 women

15.2-On offense, the picked up players must go at the bottom of the kicking order with the exception that only two (2) men are allowed to kick back to back. If a team picks up three (3) men, a female player must be inserted in order for them not to be three (3) male kickers kicking in a row. There are no restrictions for female players kicking consecutively on the kicking order.

15.3-On defense, the team must have two (2) Ghost players in either the infield or the outfield position. If a team is playing with three (3) Ghost Players, two (2) of those Ghost players may play in the infield, but they must play on opposite sides of the pitcher. No two (2) Ghost Players are allowed to play in the "Triangle" (Pitcher, Charger, 3rd Base & Back catcher) at the same time or the two (2) Ghost Players may play in the outfield and the other Ghost Player will play in the infield at any position.

*****All rules set forth are subject to change at any time but only after captains have been notified.**
