

CHECKLIST FOR SENIOR GIRL PHOTO SESSION

The Week Before

- Avoid tan lies! If you would like to make a spray tan appointment, make sure to do it two days prior to your session.
- Think about props: like an instrument, sports equipment, a pet or even a hat that you may want to bring to your shoot. Things that have special meaning are great to incorporate into your shoot.
- Determine your clothing for the shoot. Layers such as denim jackets, cardigans and scarves add dimension to an outfit. Dry Goods and Altr'd States are both great stores for finding outfits.
- Determine accessories for your outfits. Accessories make a good outfit great! I can bring a selection of jewelry, hats, or scarves per your request.
- Please text me pictures of each outfit laid out on a surface so that I can brainstorm on the best outfit for each of our locations. I'll then text you which outfit to wear first.

The Day Before

- Get a mani & pedi but choose a color that is neutral so that it goes with everything.
- Lay out your clothes, jewelry and accessories, shoes and undergarments. Be sure everything is ironed and picture perfect!

The Day Of

- Bring a bottle of water and arrive in your first outfit.
