WELCOME GUIDE

5 TIPS
to picking the
PERFECT
outfit

**THE ABP SENIOR
EXPERIENCE**

FAQ's

BEHIND THE LENS

Senior portraits are such a rite of passage and I want to change the standard. Expressing who you are is most important and of course, looking great helps too! I want you to feel like you belong on the cover of a magazine, to look and even more importantly, feel beautiful. You are worth it.

This guide is all about getting you ready to look and feel your best on your day. All of the tips I have acquired from the years I have spent photographing seniors. Please know that if you have any questions at all, from picking locations to choosing outfits, I will be there every step of the way! I am always willing to review any ideas you have!

THE SENIOR PORTRAIT EXPERIENCE

Congrats! you've made it to your senior year which is full of exciting moments and your senior portraits are a big part! Choosing the right photographer to capture YOU is very important which is why I love to really get to know my seniors through questionnaires, complimentary pre-session consultations, and even texting weeks before your session with outfit and location ideas. Gone are the days of smiling for the camera to grab a few shots to put in the yearbook. You deserve so much more than that! My job is to make you feel as comfortable as possible throughout the entire process and bring your personality out so that your senior portraits reflect who you are at this stage of your life. Trusting your photographer to capture your senior portraits is a huge deal which is why

I offer

complimentary pre-session consultations. This allows us to sit down together and plan everything-from which location (s) we will go to, matching outfits to those locations,

and even

deciding on styles of shooting. Whether you love the bright and airy images in flower fields and parks, or the dramatic dark and grungy urban scenes (or both!), together we

will create the perfect senior session just for you.

I want you to love your images and be able to look back in 10, 20, 50 years and be proud to show off your images. So what are you waiting for? You've got nothing to lose!

5 TIPS to picking the PERFECT OUTFIT

1

Choosing what you wear for your senior portraits is kind of a big deal. It's not just about what is in style now, you have to think about what best describes your personality. Are you a bright and bubbly person or determined and motivated? Choose colors and styles to reflect that!

PRO TIP These images will be what you look back at years from now and just because a fashion is trending now, doesn't always mean it will be later on. This is why I recommend choosing at least one classic, timeless outfit for your session.

2

Bring a hat, sunglasses and of course jewelry to add some sass to your photos. These are easy to add and fun to work with. It can switch up an outfit quickly without taking the time to completely change.

PRO TIP Don't try the hat on until at your session! You don't want to mess up your perfectly styled hair before your session even starts.

3

Patterns are fun but are also trendy-which is good for now but might be a fashion disaster in a year or two. Go ahead and have one outfit or layer with a pattern, but try to stick to solid colors for lasting impressions.

PRO TIP If adding patterns, be sure not to overdo it. Be sure to pair the pattern with solids so that it is enhanced, not distracting.

4

Get the most out of your session by adding a scarf, jacket or vest. These are quick changes that will allow you to get many looks without taking time for an entire wardrobe change.

PRO TIP: Shoes are a quick change that can make your outfit feel totally different. A pair of heels with jeans looks sophisticated while a pair of boots makes it more outdoorsy.

5

Darker colors have a more slimming effect but at least have one pop of color per outfit, even if it is just red lipstick or a gorgeous coral necklace.

PRO TIP: Choose your pop of color wisely. Whatever it is, that is what will be noticed first in the photograph. So if you want your neck line emphasized, wear a necklace, your lips? Lipstick. Your legs? Maybe a pair of heels.

FA

How far in advance should I book my session?

I usually book out 2-3 months in advance. This time period is subject to change depending on the time of year though, as fall and spring tend to be the busiest time for photographing seniors.

What locations are used throughout the session?

Once we decide on a style, I will suggest a few locations that will best fit you and your dream vision for you to choose from; though if you have a special spot in mind already, I am always open to new locations!

Can other people be included in my session?

Yes, you can definitely add in your BFF or your boyfriend. I actually highly recommend they come along to help give you guidance, support and to help you feel a bit more relaxed! I don't even mind if you want to grab a shot of the two of you together! However, if you are wanting more than just 1 or 2 with them, there is a \$50 add-in fee for each additional person photographed during your session.

What if the weather is bad on the date of my session?

If the session needs to be rescheduled due to inclement weather, we will try for the next available date. I will send you a notification within 12-24 hours of the session date and will let you know if I see the weather may be an issue. If you are wanting the gorgeous skies, for example, there needs to be mostly cloudy skies. Please note that I do reschedule if the chances of rain are 70% or more and/or if the wind gusts are 20mph or more.

Q's

Do you offer professional retouching?

All of your images will be professionally retouched and is included in the price. Small details matter so I spend a lot of time making sure every image is absolutely perfect!

What if I want more than one session?

Remember that once you have your senior session done with Anthony Beasley Photography, you become a VIP that gets you unlimited access to theme sessions! However, if you are wanting something more personalized and specific, you can add on a mini session for just \$300.

How does the posing work?

Don't stress about this! I will put you into all sorts of interesting, beautiful and at times, awkward positions but I PROMISE they will be gorgeous (or I will delete them and they will never see the light of day!) Leave the posing to me-you just show up looking fabulous!

Do you offer winter sessions?

Yes! However, the weather in North Carolina is very unpredictable so these are offered as a first come, first served basis. Contact me ASAP if you want to be put on the waiting list!

SENIOR SESSIONS

Senior sessions are 2 hours plus and include multiple locations as well as outfits. With this much time, we will get lots of different looks in.

If you want to get some traditional images on location and then head to your school to do some athletic shots, this is the one for you.

Or maybe you can't decide which style fits you the best and want a little of each (organic, sunsets, and urban). Not a problem!

Within 2 hours on location, we can start with the natural images as the sun is still up. Once the sun starts to set and you've had an outfit change, we will capture those gorgeous sunset images. After the sun has set and you change again, it will be a bit dark out but that's when things get fun as I bring out extra lights and we shoot those edgy urban shots to end the night with. So whatever look(s) you are going for, we can capture them in your senior session!

SENIOR INVESTMENT GUIDE

Includes time and talent of photographer, 1.5 to 2 hour session, 1-2 locations, 3-4 outfits, and editing a gallery of 60+ images, **Session Fee \$150**
