## FRAMING

Our goal is to create a beautifully framed piece of art for your home. We offer a wide variety of custom framing and matting options. Robert Senn Studio portraits framed by us, have a lifetime guarantee.

## HOW TO PHOTOGRAPH YOUR WALLS

If you would like to see what your wall portrait would look like in your home to scale, we can show you at your order appointment.

- #1: Select location or location(s) where portrait(s) will be hung.
- #2: Tape 'room view' or regular sized paper in desired location.
- #3: Photograph several images of wall where 'room view' is hung. Photograph overall room, entire wall, portion of wall. Photograph wall straight on, not at an angle.
- #4: E-mail images to [info@robertsenn.com](mailto:info@robertsenn.com). Place 'last name - room view' in subject line.

# FINISHES

Your portrait will be custom printed using the finest printing techniques available. Each finish is printed to Robert Senn Studio's exact specifications for proper color and brightness. There is no "better" or "lesser" finish, they are all "THE BEST!"

**BRUSH TEXTURED** The portrait is adhered to art board and then has a final touch of delicate brush strokes added for a beautiful portrait.

**CANVAS** The portrait is carefully bonded to an artist's canvas board for a very handsome finish.

**CUSTOM** The portrait is coated with a fine lacquer for moisture and ultra-violet protection and then adhered to art board.

**FRESCO** Finish is hand applied to the portrait to add vintage charm and European style. A heavy texture that mimicks the look of stucco.

**FRESCO CANVAS** This double finish has the classic base of canvas and hand-applied stucco finish on top. It adds a rich depth to the portrait.

**METALLIC CANVAS** Pearlescent surface adhered to artist canvas board for a finish that has a bit of sparkle.

**IRISH LINEN** The subtle finish is designed to softly enhance the appearance of your portrait. The portrait is embossed to create a raised linen texture.

**PEBBLE** The portrait is covered with a heavy pebble texture. The raised pebble is added to refine the natural look of the portrait.

# METAL PRINTS

If you are looking for something truly different, have it printed on metal. You can select 'aluminessence' for a transparent, aluminum base that will allow the metal to show through creating an edgy look. Or, select 'brilliant' for a bright, clear, glossy white base that will showcase the image while maintaining true white and brilliant color that pops! Either way, select this unique product for a contemporary look.
